PROJECTS

CATERING SITE UI DESIGN

Designed and prototyped a Catering Booking Service in Figma, focusing on an intuitive and user-friendly interface for seamless booking experiences. Created wireframes, high-fidelity UI designs, and interactive prototypes to enable users to browse menus, select catering packages, customize orders, and manage bookings efficiently. Emphasized clean layout, modern aesthetics, and smooth user flow to enhance usability and engagement.

Technologies Used: Figma (UI/UX Designing tool)

TAXI BOOKING WEB

Developed and deployed a responsive taxi booking website, Trichy Sachu Cab, using HTML5, CSS3, and JavaScript. Integrated Leaflet.js for real-time mapping, WhatsApp for direct bookings, and features like fare estimation, route calculation, and content protection to deliver an intuitive and reliable cab service platform.

Technologies Used: *html, css, js, leaflets*

INTERNSHIPS & ACHIEVEMENTS

Currently working as a UI/UX Designer Intern at **Echo Digital Works**, contributing to user-centered interface design, wireframing, prototyping and responsive web experiences using modern design tools and technologies.

Shortlisted for the final round of **INNOHACK 2026** under the Health Tech & Med Tech track, demonstrating innovative problem-solving, teamwork and user-centered design skills in a competitive hackathon environment.
